# Arrive feel good enjoy

Water Illusion is our inspiring concept of purist, sustainable flower decorations in glass vessels. We make our decorations so true to nature that they are virtually indistinguishable from natural floral decorations on a visual and haptic level.

Whether as eye-catcher in your lobby or as decoration in your guest areas – with our unique arrangements your guest areas will become an oasis of pleasure. We use the highest quality artificial flowers with Real Touch.

## Hygienics is a special concern for us

The Water Illusion decorations are durable and very easy to maintain. Large vases can be provided with a thin lid on request.
