## Showroom\_valencia

Vela is a collection designed by the architect Ramón Esteve for Vondom. This wide collection of outdoor furniture and planters provides the comfort and warmth of the indoor furniture without losing its original characteristics. Vela is a sectional system with a basic geometry that finds its singularity in the balance of the proportions. All items can be combined together in order to fit in any space. That flat volumes seem to float a few inches off the ground and when illuminated become light architectures. Vondom offers this collection in different finishings and can incorporate light. This ephemeral installation in the building "Veles e Vents" by the prestigious architects David Chipperfield and Fermín Vázquez was designed by Ramón Esteve Studio.

Vela es una colección diseñada por el arquitecto Ramón Esteve para Vondom. Esta extensa colección de muebles y maceteros para exterior busca ofrecer el confort y la calidez de los muebles de interior sin perder sus cualidades de origen. Vela es un sistema modular con una geometría elemental prismática que basa su singularidad en el equilibrio de sus proporciones. Los elementos se pueden combinar entre sí para poder convivir en cualquier espacio. Sus volúmenes rotundos parecen flotar a unos centímetros del suelo y cuando se iluminan se transforman en arquitecturas livianas. Vondom ofrece esta colección acabados mate, brillo o de color y está preparada para incorporar luz. Esta instalación efímera en el edificio "Veles e Vents" de los prestigiosos arquitectos David Chipperfield y Fermín Vázquez fué ideada por Ramón Esteve Estudio.

In need of a thorough update (both internally and externally) of their existing home, its owners changed their originally magnificent home both aesthetically and functionally. All new furniture has been designed by A-cero, like the Rest Collection for Vondom, except items already belonging to the property. The white color is placed like a guide of the design project, which breaks up some of the brown tones, following a chromatic guideline.

Se trata de una reforma integral de una vivienda, cuyos propietarios encontraron la necesidad de renovar tanto externa como internamente para actualizar su imagen. Esta es una magnífica casa en un principio, pero había acusado el paso del tiempo, tanto estética como funcionalmente necesitaba un cambio. Todo el nuevo mobiliario ha sido diseñado por A-cero, al igual que la colección de Vondom Rest, excepto los elementos que ya pertenecían a la propiedad. El blanco se propone como hilo conductor del proyecto de diseño interior que rompe con algunos toques de marrón.

Ubicado a orillas del río Spree, la antigua línea entre Berlín Oriental y Occidental, el hotel Nhōw abraza la era digital de la información y se orienta a las necesidades físicas y espirituales de los visitantes.
